

Rheumatology Services

www.johnmuirhealth.com/berkeleyopc

Overview

Rheumatology is one of several specialty services available at the Berkeley Outpatient Center. Our physicians listen, explain and work with you - this is our promise to deliver the best patient care that our patients deserve.

Conditions treated:

- Rheumatoid Arthritis
- Psoriatic Arthritis
- Spondyloarthritis
- Lupus
- Sjogrens
- Scleroderma
- Vasculitis
- Myositis
- Gout
- Musculoskeletal Pain Disorders (bursitis, tendonitis)
- Osteoarthritis
- Osteoporosis

When to refer patients:

Patients who experience any of the following symptoms should be referred to Rheumatology.

- Multisystemic connective tissue disease
- Osteoporosis
- Joint pain
- Muscle pain
- Joint ultrasound evaluation

How to refer patients:

For more information or to refer a patient, please call Rheumatology Services at (510) 985-5200.
